Amundi Money Market Fund - Short Term (USD) - XV A Sub-Fund of the SICAV Amundi Money Market Fund

ISIN code: (A) LU0619623365

This UCITS has appointed Amundi Luxembourg SA, an entity part of Amundi group, as its Management Company

Objectives and Investment Policy

The Sub-Fund is a financial product that promotes ESG characteristics pursuant to Article 8 of the Disclosure Regulation.

The objective of the Sub-Fund is to outperform the reference indicator "Effective Federal Funds Rate" (which is representative of the interest rate for transactions within the US Federal Reserve system) minus fees, by investing exclusively in money market instruments, deposits and up to 10% in money market investment funds.

To achieve that objective, the Sub-Fund invests in instruments paying lower yields but being relatively safe on the short term (with a minimum short term rating of A-1 by Standard & Poor's or equivalent rating from another agency and with at least 50% of the assets with a short term rating of A-1+ by Standard & Poor's or equivalent rating from another agency). The weighted average of the time until all maturities of the instruments may not exceed 60 days.

The Sub-Fund may invest in financial derivative instruments for systematically hedging investments non denominated in US Dollar. The Sub-Fund may use techniques and instruments that relate to the sale and repurchase or the lending of transferable securities or money market instruments.

The Sub-Fund is considered as a Short-Term Money Market Fund in compliance with CESR/ESMA's Guidelines on a common definition of European Money Market Funds.

Benchmark : The Sub-Fund is actively managed. The Sub-Fund may use a benchmark a posteriori as an indicator for assessing the Sub-Fund's performance. There are no constraints relative to any such Benchmark restraining portfolio construction. The Sub-Fund has not designated the Benchmark as a reference benchmark for the purpose of the Disclosure Regulation.

Management Process : The Sub-Fund integrates Sustainability Factors in its investment process as outlined in more detail in section "Sustainable Investment" of the Prospectus. Further, the Sub-Fund seeks to achieve an ESG score of its portfolio greater than that of its investment universe.

The accumulation share automatically retains, and re-invests, all attributable income within the Sub-Fund; thereby accumulating value in the price of the accumulation shares.

The minimum recommended holding term is one day.

Shares may be sold or redeemed (and/or converted) on any dealing day (except otherwise stated in the prospectus) at the respective dealing price (net asset value) in accordance with the articles of incorporation. Further details are provided in the prospectus of the UCITS.

Risk and Reward Profile

The risk level of this Sub-Fund mainly reflects the market risk arising from investments in the USD money market.
