\* Source : Amundi. Cumulative returns are calculated on a yearly basis on a 360 days over one period < 1 year and 365 days basis of over one period > 1 year (expressed with the round-off superior). The above results pertain to full 12-month period per calendar year. All performances are calculated net income reinvested and net of all charges taken by the Sub-Fund. Past performance is not a reliable indicator of future performance. The value of investments may vary upwards or downwards according to market conditions.

## Risk Indicator (Source : Fund Admin)

Lower Risk

Higher Risk

The SRI represents the risk and return profile as presented in the Key Information Document (KID). The lowest category does not imply that there is no risk. The SRI is not guaranteed and may change over time. The risk indicator assumes you keep the product for Superior to 1 month.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movement in the markets or because we are not able to pay you.
