This document was published on 19/06/2025.

What is this product?

Type: Shares of a Sub-Fund of Fund Channel Investment Partners, an Undertaking for Collective Investments in Transferable Securities (UCITS), established as a SICAV.

Term: The term of the Sub-Fund is unlimited. The Management Company may terminate the fund by liquidation or merger with another fund in accordance with legal requirements.

Objectives: To target better returns than its benchmark by investing in a portfolio of investment grade-rated fixed income securities.

The sub-fund invests at least 67% of its net assets in fixed income securities rated investment grade issued by both corporate and sovereign entities domiciled in countries within the European Union or the UK, whose long-term debt rating is investment grade; and up to 33% of its net assets in investment grade rated fixed income securities issued by both corporate and sovereign entities domiciled in countries outside the European Union and the UK, whose long-term debt rating is investment grade.

The sub-fund may invest up to 15% of its net assets in fixed income securities rated below investment grade, provided that such securities are not rated below B-/B3.

The sub-fund may invest up to 20% of its net assets in Cocos and up to 20% in other convertible bonds or bonds with warrants attached. Up to 30% of the sub-fund's net assets may be invested in each perpetual bonds (excluding Cocos) and subordinated bonds (excluding Cocos). The sub-fund may invest up to 33% of its net assets in money market instruments, money markets funds and term deposits in order to achieve the sub-fund's investment goals or for treasury purposes. The sub-fund may invest up to 20% of its net assets in MBS/ABS. Investment in ABS or similar assets (such as credit linked notes) will not be rated below investment grade. The sub-fund may use derivatives for gaining exposure, hedging and efficient portfolio management.

Benchmark: Bloomberg Euro-Aggregate Index. The sub-fund is actively managed by reference to and seeks to outperform the benchmark. The sub-fund is normally exposed to the issuers of the benchmark; however, the management of the sub-fund is discretionary, and will be exposed to issuers not included in the benchmark. The sub-fund monitors risk exposure in relation to the benchmark; however, the extent of deviation from the benchmark is expected to be material.

Management Process: the investment manager's investment philosophy is based on its belief that financial markets are inefficient and continuously provide new and different investment opportunities. The investment manager believes that these inefficiencies can be identified and exploited through active management based on proprietary research.

The sub-fund promotes environmental and social characteristics, in accordance with article 8 of SFDR.

Specifically, the sub-fund favours investment in issuers whose business activities and/or conduct take an appropriate and responsible approach to ESG.

Intended Retail Investor: This product is intended for investors, with a basic knowledge of and no or limited experience of investing in funds seeking to increase the value of their investment and to receive income over the recommended holding period with the ability to bear losses up to the amount invested.

Redemption and Dealing: Shares may be sold (redeemed) as stated in the prospectus at the respective dealing price (net asset value). Further details are provided in the Fund Channel Investment Partners prospectus.

Distribution Policy: As this is a non-distributing share class, investment income is reinvested.

More Information: You may get further information about the Sub-Fund, including the prospectus, and financial reports which are available at and free of charge on request from: Amundi Luxembourg S.A. at 5, allée Scheffer 2520 Luxembourg, Luxembourg.

The Net Asset Value of the Sub-Fund is available on www.amundi.lu

Depository: Societe Generale Luxembourg.

What are the risks and what could I get in return?

RISK INDICATOR

The risk indicator assumes you keep the product for 5 years.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movement in the markets or because we are not able to pay you.

We have classified this product as 2 out of 7, which is a low risk class. This rates the potential losses from future performance at a low level, and poor market conditions are very unlikely to impact our capacity to pay you.

Additional risks: Market liquidity risk could amplify the variation of product performances.

This product does not include any protection from future market performance so you could lose some or all of your investment.

Beside the risks included in the risk indicator, other risks may affect the Sub-Fund's performance. Please refer to the Fund Channel Investment Partners prospectus.

PERFORMANCE SCENARIOS

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the Sub-Fund over the last 10 years. Markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

What you get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

What happens if Amundi Luxembourg S.A. is unable to pay out?

A separate pool of assets is invested and maintained for each Sub-Fund of Fund Channel Investment Partners. The assets and liabilities of the Sub-Fund are segregated from those of other sub-funds as well as from those of the Management Company, and there is no cross-liability among any of them. The Sub-Fund would not be liable if the Management Company or any delegated service provider were to fail or default.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

COSTS OVER TIME

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, and how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- EUR 10,000 is invested.
