AMUNDI FUNDS EURO CORPORATE BOND - F2 EUR A Sub-Fund of the SICAV AMUNDI FUNDS

ISIN code: (A) LU0557859294

This UCITS has appointed Amundi Luxembourg SA, an entity part of Amundi group, as its Management Company

Objectives and Investment Policy

The Sub-Fund is a financial product that promotes ESG characteristics pursuant to Article 8 of the Disclosure Regulation.

To achieve a combination of income and capital growth (total return).

The Sub-Fund invests at least 67% of assets in investment-grade bonds that are denominated in euro and are issued or guaranteed by governments in the Eurozone, or issued by companies around the world and listed on a European market.

The Sub-Fund may use derivatives for hedging and efficient portfolio management. The Sub-Fund may use credit derivatives (up to 40% of net assets).

Benchmark : The Sub-Fund is actively managed by reference to and seeks to outperform the Bloomberg Euro-Agg Corporates (E) Index. The Sub-Fund is mainly exposed to the issuers of the Benchmark, however, the management of the Sub-Fund is discretionary, and will be exposed to issuers not included in the Benchmark. The Sub-Fund monitors risk exposure in relation to the Benchmark however the extent of deviation from the Benchmark is expected to be significant. Further, the Sub-Fund has designated the benchmark as a reference benchmark for the purpose of the Disclosure Regulation. The Benchmark is a broad market index, which does not assess or include constituents according to environmental characteristics, and therefore is not aligned with the environmental characteristics promoted by the Sub-Fund.

Management Process : The Sub-Fund integrates Sustainability Factors in its investment process as outlined in more detail in section "Sustainable Investment" of the Prospectus. The investment team analyses interest rate and economic trends (top-down) to identify geographic areas and sectors that appear likely to offer the best risk-adjusted returns. The investment team then uses both technical and fundamental analysis, including credit analysis, to select sectors and securities (bottom-up) and to construct a highly diversified portfolio. The Sub-Fund seeks to achieve an ESG score of its portfolio greater than that of the Benchmark.

The accumulation share automatically retains, and re-invests, all attributable income within the Sub-Fund; thereby accumulating value in the price of the accumulation shares.

The minimum recommended holding term is 3 years.

Shares may be sold or redeemed (and/or converted) on any dealing day (except otherwise stated in the prospectus) at the respective dealing price (net asset value) in accordance with the articles of incorporation. Further details are provided in the prospectus of the UCITS.
