

Key Investor Information

This document provides you with key investor information about this Sub-Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Sub-Fund. You are advised to read it so you can make an informed decision about whether to invest.

AMUNDI S.F. - GLOBAL HIGH YIELD OPPORTUNITIES 2025 - B EUR Hgd AD A Sub-Fund of AMUNDI S.F.

ISIN code: (D) LU2035036016

Management Company: Amundi Luxembourg SA

Objectives and Investment Policy

The Sub-Fund invests mainly in a broad range of below Investment Grade debt and debt-related instruments denominated in any OECD currency and issued by companies, governments, local authorities and international public bodies or supranational bodies, as well as money market instruments.

The Sub-Fund may also invest in Investment Grade debt and debt-related instruments denominated in euro, USD or any other currency. The Sub-Fund has maximum flexibility to invest in a broad range of sectors and in any geographical region including Emerging Markets.

The Sub-Fund's investments may include, but are not limited to, subordinated bonds, senior bonds, preferred securities, perpetual bonds and convertible securities such as corporate hybrid bonds (up to 20% of its assets) and contingent convertible bonds (up to 10% of its assets).

The maturity or call date of the bonds will generally be compatible with the Sub-Fund's Maturity Date. The Sub-Fund may invest up to 20% of its assets in callable bonds maturing after the Maturity Date provided they have a first call date before the Sub-Fund's Maturity Date.

The Sub-Fund makes use of derivatives, in particular interest rate futures, listed options, currency futures, CDS, FX forwards, to reduce various risks, for efficient portfolio management, as a way to gain exposure to various assets, markets or income streams and to implement synthetic short positions.

The Sub-Fund may invest up to 10% of its assets in other UCIs and UCITS.

The Sub-Fund will aim to achieve a broad diversification until Maturity Date.

Benchmark : The Sub-Fund is actively managed and is not managed in reference to a benchmark.

The initial subscription period of the Sub-Fund will end on 25th September 2019. The Sub-Fund matures on 30th September 2025 (the "Maturity Date") when the Sub-Fund will be liquidated and the net proceeds of liquidation will be distributed among unitholders.

The distribution unit pays dividends annually. Investors may sell on demand fortnightly on the 15th (or the next following business day if the 15th is not a business day) or the last business day of each calendar month.

The minimum recommended holding term is 6 years.

Investors may sell on demand on any business day in Luxembourg.

Risk and Reward Profile

The risk level of this Sub-Fund mainly reflects the market risk arising from investments in high yield bonds.

Historical data may not be a reliable indication for the future.

Risk category shown is not guaranteed and may shift over time.

The lowest category does not mean 'risk free'.

Your initial investment does not benefit from any guarantee or protection.

For un-hedged currency classes, exchange rate movements may affect the risk indicator where the currency of the underlying investments differs from the currency of the unit class.

Important risks materially relevant to the Sub-Fund which are not adequately captured by the indicator:

- Credit risk: represents the risks associated with an issuer's sudden downgrading of its signature's quality or its default.

- Liquidity risk: in case of low trading volume on financial markets, any buy or sell trade on these markets may lead to important market variations/fluctuations that may impact your portfolio valuation.
- Counterparty risk: represents the risk of default of a market participant to fulfil its contractual obligations vis-à-vis your portfolio.
- Operational risk: this is the risk of default or error within the different service providers involved in managing and valuing your portfolio.
- Hedging risk : The currency hedging may be imperfect and generate a difference between the performance of the Sub-Fund and the unit-class you are invested in.
- Emerging Markets risk : Some of the countries invested in may carry higher political, legal, economic and liquidity risks than investments in more developed countries.

The occurrence of any of these risks may have an impact on the net asset value of your portfolio.
