The sub-fund aims to outperform its benchmark, S&P 500 Index (Total return net of 30% withholding tax), over a full market cycle (three to five years). The sub-fund will mainly invest in equities of companies that are based in, or do most of their business, in the United States of America.

The sub-fund is mainly exposed to the issuers of the benchmark, however, the management of the sub-fund is discretionary, and will be exposed to issuers not included in the benchmark. The sub-fund monitors risk exposure in relation to the benchmark however the extent of deviation from the benchmark is expected to be significant.

Management Process: The investment process utilizes a fundamental bottom-up security selection process to build a concentrated and high conviction portfolio that seeks to identify the most attractive investment ideas across the value and growth investment universes.
The sub-fund may use derivatives for hedging purposes.
