

## Key Investor Information

This document provides you with key investor information about this Sub-Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Sub-Fund. You are advised to read it so you can make an informed decision about whether to invest.

### AMUNDI FUNDS EMERGING MARKETS SHORT TERM BOND - G2 EUR QTD

#### A Sub-Fund of the SICAV AMUNDI FUNDS

ISIN code: (D) LU2036672728

This UCITS has appointed Amundi Luxembourg SA, an entity part of Amundi group, as its Management Company

#### Objectives and Investment Policy

To seek provide income and secondarily, to increase the value of your investment over the recommended holding period.

The Sub-Fund invests mainly in a diversified portfolio of short duration, typically 1-3 years, USD and other OECD denominated bonds from emerging markets. These bonds are issued by companies that either are incorporated, headquartered in or do their business mainly in emerging markets or their credit risk is linked to emerging markets. The overall emerging market currency exposure may not exceed 25% of the Sub-Fund's assets.

The Sub-Fund makes use of derivatives to reduce various risks, for efficient portfolio management and as a way to gain exposure (long or short) to various assets, markets or other investment opportunities (including derivatives which focus on credit, interest rates and foreign exchange).

The Sub-Fund does not aim to replicate any reference indicator and may therefore significantly deviate from any reference indicator.

The distribution share pays dividends quarterly.

The minimum recommended holding term is 4 Years.

Shares may be sold or redeemed (and/or converted) on any dealing day (except otherwise stated in the prospectus) at the respective dealing price (net asset value) in accordance with the articles of incorporation. Further details are provided in the prospectus of the UCITS.

#### Risk and Reward Profile

The risk level of this Sub-Fund mainly reflects the market risk arising from investments in emerging markets bonds and its investment process.

Historical data may not be a reliable indication for the future.

Risk category shown is not guaranteed and may shift over time.

The lowest category does not mean 'risk free'.

Your initial investment does not benefit from any guarantee or protection.

Important risks materially relevant to the Sub-Fund which are not adequately captured by the indicator:

- Credit risk: represents the risks associated with an issuer's sudden downgrading of its signature's quality or its default.
- Liquidity risk: in case of low trading volume on financial markets, any buy or sell trade on these markets may lead to important market variations/fluctuations that may impact your portfolio valuation.

- Counterparty risk: represents the risk of default of a market participant to fulfil its contractual obligations vis-à-vis your portfolio.

- Operational risk: this is the risk of default or error within the different service providers involved in managing and valuing your portfolio.

- Currency risk : the Sub-Fund invests in securities that are issued in currencies other than the base currency of the share-class. As a result the share-class is subject to currency risk, which arises from changes in the exchange rates.

The use of complex products such as financial derivative instruments might increase market movements in your portfolio.

The occurrence of any of these risks may have an impact on the net asset value of your portfolio.

## Charges

The charges you pay are used to pay the costs of running the Sub-Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.
