(the "**Company**")

NOTICE TO SHAREHOLDERS OF

Amundi MSCI Indonesia

(the "**Sub-Fund**")

Amendment to the Prospectus of the Company and the Key Information Document of the Sub-Fund

Terms not specifically defined herein shall have the same meaning as in the articles of incorporation (the "**Articles**") and in the latest prospectus of the Company (the "**Prospectus**").

Luxembourg, 22nd October, 2026

Dear Shareholders,

The board of directors of the Company (the "**Board**") has decided to change the index of the Sub-Fund (the "**Index**"), as detailed below (the "**Change**"). The Change will become effective as of the 5th of November 2026 (the "**Effective Date**") and reflected in the next approved Prospectus.

	Before the Effective Date	From the Effective Date
Benchmark of the Sub-Fund	MSCI Indonesia Net Total Return Index Index ticker: M0ID	MSCI Indonesia 20/35 Capped Net Total Return Index Index ticker: MXIDOCNU (the " New Index ")

This change will provide the Shareholders with an exposure to the New Index that is representative of the Indonesian equity market, similarly to the Index, while applying a cap on its constituents. The New Index will constrain the weight of the largest group entity at 35% of the total weight of the Index's constituents, and all other group entities at 20%, with a buffer of 10% applied to these limits at each index rebalancing. The weighting constraints do not modify the constituents of the New Index compared to the Index and only adjusts the weighting of those constituents in accordance with the New Index methodology.

The Change will have no impact on the economic exposure of the Shareholders except if the abovementioned weighting constraints are triggered.

Shareholders are informed that the New Index is extremely similar to the Index and that the Change is being introduced to ensure compliance with UCITS diversification requirements. It is therefore considered to have no material negative consequences for shareholders of the Sub-Fund.

A full description of the New Index, its construction methodology and information on its composition and respective weightings components are available on the New Index provider's website at www.msci.com.

Following the implementation of the Change, the Prospectus and the Key Information Document of the Sub-Fund will be amended accordingly.

The latest Prospectus and Key Information Documents are available on request free of charge at the Company's registered office and may be or consulted as from the Effective Date on the following website: www.amundi-etf.com.

Yours sincerely,

The Board
